

CSR INITIATIVE 2020-21

Scrabble Entertainment Limited is committed to operate and grow its business with a vision to be a socially responsible corporate citizen. The Company has taken up various corporate social responsibility initiatives earlier and will continue to do so in future. Our vision is to improve quality of life for all our communities through integrated and sustainable development in every possible way.

Scrabble Entertainment Limited has undertaken following CSR activities-

- Empowering Girl Child Education through implementing agency, Pardada Pardadi Educational Society (PPES).
- Collaboration with UFO Moviez India Limited, holding company of the Company, in its UFO CSR HealthCare Project 2020 - 21 to be implemented directly by the Company.

EMPOWERING GIRL CHILD EDUCATION

We find girls facing barriers to education caused by poverty, cultural norms and practices, poor infrastructure, violence, and fragility. Girls' education goes beyond getting girls into school. It is also about ensuring that girls learn and feel safe while in school & can have the opportunity to complete all levels of education acquiring the knowledge and skills to compete within the fast-growing competitive world; learn the socio-emotional and life skills necessary to navigate and adapt to a changing world; make decisions about their own lives; and contribute to their communities and the world.

Promoting education is one of the thrust areas of Scrabble Entertainment Limited ('the Company') as per the CSR Policy adopted by it.

Pardada Pardadi Educational Society (PPES)

SPONSORING COMPREHENSIVE EDUCATION COST OF 13 GIRL STUDENTS FOR THREE YEARS

UFO CSR HEALTHCARE PROJECT 2020-21

Hospitals and local area health centres are primary touchpoints where the vast population of India receives the health and medical support. While there is dearth of such good set ups in our country that can provide quality of healthcare support at reasonable or subsidised cost, however building such centres and hospitals grounds up is a major project and requires significant funds, time, and dedicated team of specialised health care professionals.

At the same time there are many such centres and hospitals that are operated by dedicated and experienced medical professionals, primarily offering their services to needy population at a nominal or zero cost. However, such set ups (which are mostly operated by charitable trusts)

require financial support to procure or upgrade various medical equipment and set ups. They also need support to fund part of their operating expenses to better serve the needy population.

The CSR Policy of the Company adopts 'Promoting healthcare for supporting the poor sections of the society' as one of the thrust areas for carrying out its CSR activities.

Till now, the Company has decided to support Dr. M.L Dhawale Memorial Trust, Maharashtra as one of the beneficiaries. This is an ongoing project, and we look forward to receiving proposals from deserving organizations in the area of Healthcare.
